

English

We will use Jane Considine's approach to develop vocabulary, sentence writing and creativity through four units:

- Traditional tale: Little Red Riding Hood* –exploring characters, description and story structure.
- Non-chronological report: Hibernation – organising facts using headings and topic vocabulary.
- Letter: This Is How We Do It by Matt Lamothe – sharing information about our lives and routines.
- Poetry: Desk Diddler by Michael Rosen – exploring playful language, rhythm and performance. lessons.

We will develop our reading accuracy, fluency and understanding through Read Write Inc. Phonics lessons and additional comprehension

PE

Children will develop their fundamental movement skills through team-building activities, fitness challenges and ball skills. They will learn how to work cooperatively, follow rules and stay active.

Music

Children will explore pulse and tempo through singing, listening and performing. They will also learn and practise songs for our Nativity performance.

Mathematics

We will use White Rose Maths to develop children's understanding and confidence in two key areas:

- **Place Value:** Understanding our number system by representing, comparing and ordering numbers, and recognising the value of each digit.
- **Addition and Subtraction:** Developing efficient calculation strategies, using practical resources and written methods to solve problems.

Computing

Children will learn the basics of programming using Bee-Bots, giving and following simple instructions. They will also develop their digital skills by creating and editing digital images.

Art

Children will develop their creativity through drawing, crafting and design activities. They will explore maps through art and experiment with a range of materials and techniques.

Design and Technology

Children will design and make healthy sandwiches while learning about food preparation, nutrition and healthy eating choices.

Geography

Children will explore where they live and develop their understanding of their local area. They will learn about maps, simple geographical features and how places can be described.

St Sebastian's CE Primary School and Nursery

Areas of Learning: Autumn Term

Chestnut, Year 2 and 3

Science

Our first units of work is Plants and Animals including humans this will then be followed by Uses of Materials.

History

Children will learn about Remembrance and why it is important. They will explore events from the past and consider how we remember and honour people who have helped shape our history.

PSHE

The topics are Being in my World and Celebrating Differences.

Religion and Worldviews

Why do we need to say thanks? and Why is light important to people?
